**RE: DATA SECURITY BREACH**

Greetings:

It was recently brought to my attention that a cyber security data breach occurred at Fortra LLC, a vendor for NationsBenefits Holding, LLC, who administers the over-the-counter benefit (OTC) for the UAW Retiree Medical Benefits Trust (URMBT). This data breach impacted over 550,000 individuals covered by the URMBT.

A letter from NationsBenefits recently went out to impacted Members notifying them of the data breach and a complimentary 24-month membership was offered for a credit monitoring service. I would strongly encourage our impacted Members to remain vigilant against incidents of identity theft and fraud.

While this breach did not occur directly at the UAW Retiree Medical Benefits Trust, it did occur at a third party that the URMBT utilizes.

I want to assure you that I WILL BE YOUR VOICE and hold the URMBT accountable when issues like these arise.

In solidarity,

Mike Booth
