DEFIANCE SUPPORTS LOCAL NONPROFITS

Last week, on behalf of GM Corporate Giving, the plant donated \$50,000 in grants to two area nonprofits through the GM Community Impact Grant (CIG) program. The CIG program is one example of how General Motors supports growth in local communities. Through this program, local manufacturing facilities collaborate with GM's corporate giving arm to identify nonprofits helping address local issues facing their local community.

The 2023 Defiance-area grant recipients include:

- Defiance County Homegrown Workforce & Business Development Council
- Defiance Dream Center

Since 2019, GM has granted more than \$13 million to nonprofits in its facility communities, and \$202,000 to the Defiance region through the Community Impact Grants program. Congratulations to the local nonprofits for the great work they do in the local community!
